

# EXTREME RESURRECTION RECORDS - URUGUAY

---

*Extreme Resurrection Records is a small Fanzine/Label/Distro in charge of spreading international bands in Uruguay (South America) and also in releasing local bands only , to make them available around the world. Our aim is to preserve our own history for the forthcoming generations of metalheads; No scene will stand unknowing the ancient path.*

*With this in mind most of our releases are for the deathrashers tastes, you can check our list of releases in next pages.*

*We don't support bands who think the underground is about socialmedia, pictures,videos,etc... or those who only release virtual music for virtual fame. We equally stand against political parties,including religion and whatever supremacy bullshit, we are all the same cancer of this earth.*

*If you read this and you are still interested in getting in touch, contacts bellow:

*No apoyamos bandas que consideran que el underground es acerca de redes sociales,fotos,videos,etc... o las que sólo lanzan grabaciones virtuales para fama virtual. De igual forma nos paramos en contra de cualquier tipo de política partidaria, incluyendo religión o cualquier porquería de supremacía, todos nosotros somos el mismo cáncer en ésta tierra.*
